B. Grant Project Description and Interim Summary

Think about your project from the start until now. Please use the questions below and provide the answers in the space available here and on the next page. We understand that the project is not completed. We would like an overview of the status of your project at this time.

Photos to show your work are also very helpful.

1. List the activities of your project that have taken place to date and a brief description of each activity.
2. What was successful?
3. What challenges did you face and how are you addressing them?
4. How many individuals took part in your project activities so far?
5. Have your project activities met your expectations so far?
6. What are the next steps in your project plans?

Please use this page and the next page to complete this section of the report . Both pages have character limits. Please submit photographs of your project activities with this report.
